

INFOTECH 22-05

Protection de triangle AR terre

Chers clients,

Afin de renforcer la durée de vie de la protection de triangle AR terre, nous vous recommandons de doubler la protection terre (904697358A) avec une protection asphalte (904481908B) comme illustré ci-dessous.

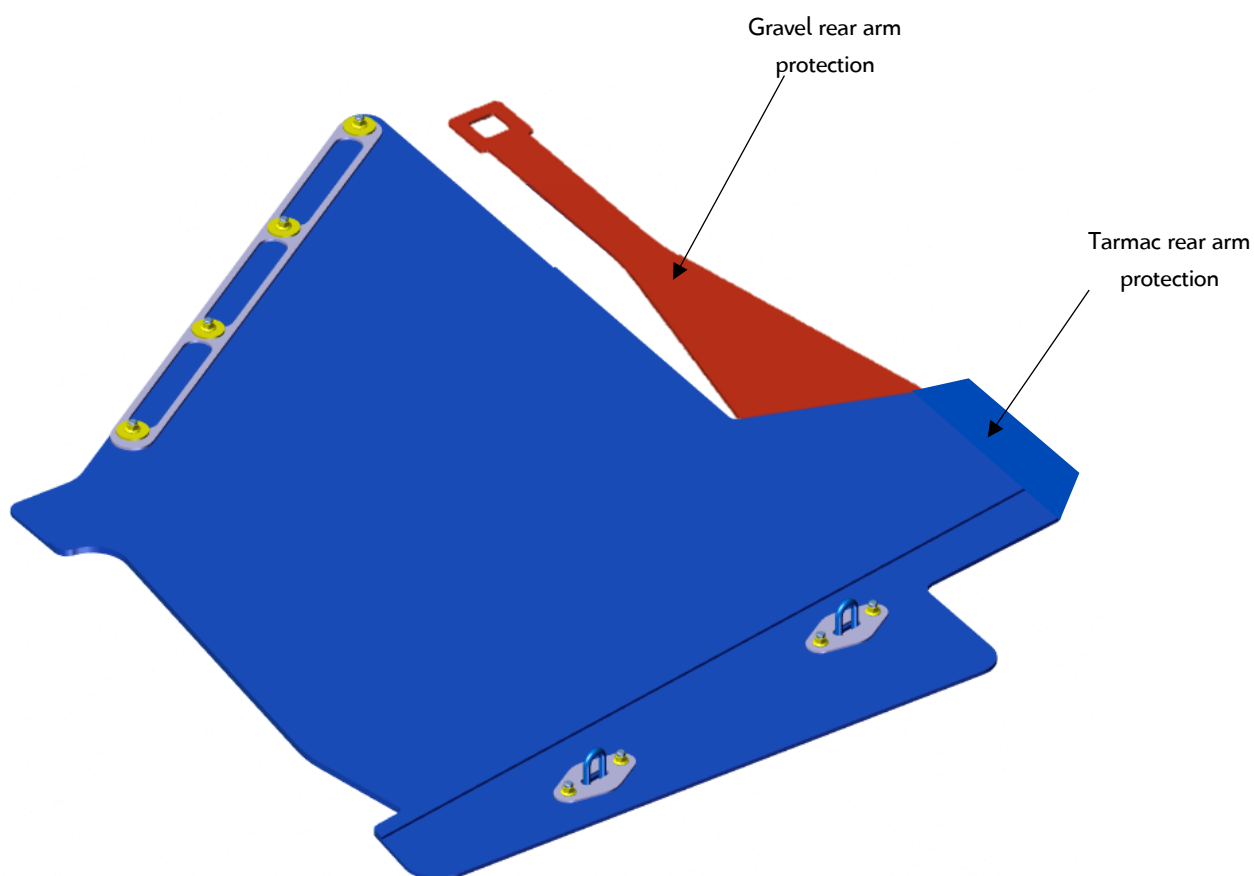

L'équipe d'assistance technique

Gravel rear arm protection

Dear customers,

To increase the durability of the gravel rear arm protection, we advise you to add a tarmac rear arm protection (904481908B) above the gravel rear arm protection (904481908B) as illustrated below.
